

HBB-ML-23 Multi-Level Bread Tray

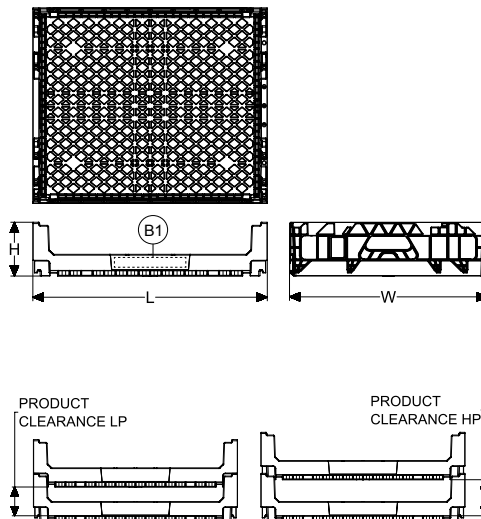

Features & Benefits

- Rotate 90° for empty nest position or rotate 180° for multilevel stack position
- Visual indicators to aid manual stacking
- Reinforced bottom grid and corners
- Rigid double-wall constructed front and back walls
- Ergonomically designed sturdy handles for easy handling
- Smooth interior surfaces protect packaging
- Ventilated on all sides for quick chilling
- View product from all four sides
- Material: FDA approved food grade polyethylene provides strength and durability needed for multiple applications

Options

- Colors: Choice of standard or optional non-heavy metal (NHM) or FDA approved colors
- Decoration: Hot-stamp branded or molded-in logos
- Tracking: Bar code labels or RFID tags available to integrate with Rehrig technology offering
