

5 Gallon Bottled Water Crate

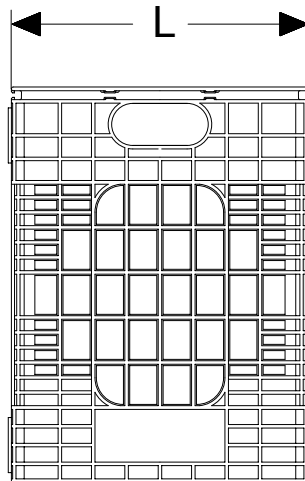

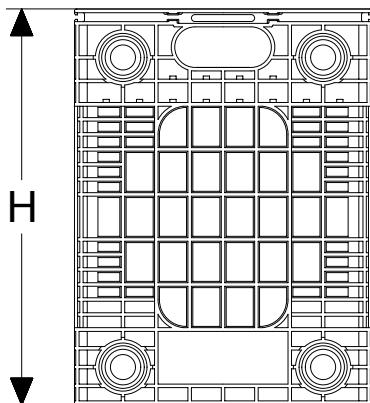

Specifications

- Zinc-plated steel ring keeps case square and provides extra stacking strength
- Empty bottles can be reversed in the crate for simultaneous bottle and crate washing
- Open grid design eliminates dirt traps and allows easy detection of foreign objects
- Double-reinforced corner struts prevent product shifting and increases top load strength
- Special locking lugs assure stable stacking
- Two sets of large handles provide carrying options
- Bottom handle minimizes bottle movement
- Recessed mid-section allows hand truck stacking without tilting
- Optional retainer bar available
- Engineered high density polyethylene (HDPE) material for enhanced strength and durability
- Large brand panel for increased brand awareness
- Customized color and branding available to promote brand equity and asset management
