

Features & Benefits

- Made with durable, washable, 100% recyclable high density polyethylene (HDPE) resin
- Ergonomic palm-up handles with smooth broad surface for comfortable carrying
- Strategically placed drain holes in the base for spill containment
- Easily nests and stacks for maximizing transport and storage efficiencies
- Double wall rim for added stiffness and gripping
- Textured base for use with a wide variety of conveyor types and to prevent slipping when palletized
- Smooth continuous walls prevent product damage and ease cleaning.
- Large handle surface

Options

- Colors: Choice of standard or optional colors
- Decoration: Hot-stamp, molded-in logos available
- Bar code or RFID tag capable*
