

40 x 48 GMA Rackable 2400 Pallet

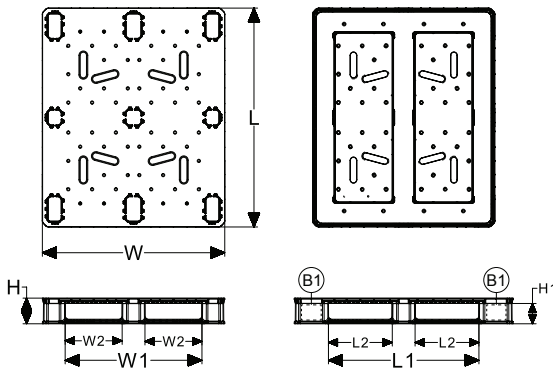

Features & Benefits

- Manufactured from HDPE using high pressure injection molding creating superior strength
- Metal reinforcements provide superior edge racking capabilities and excellent impact resistance
- Deck and base components are welded for additional strength and long-term rust prevention
- Designed with large fork opening to minimize damage and provide excellent impact resistance
- Non-cruciform bottom structure reduces pallet jack damage and reduces total plastic weight
- Two-piece snap lock design allows for quick and easy repair
- Ergonomic handles eliminate dangerous and awkward pallet handling
- Molded-in top deck texture reduces case slippage

Options

- Colors: Wide variety of colors available
- Decoration: Can be hot stamped with your company's logo for added inventory control and brand awareness; Multi-color logos optional
- Optional perimeter lip available for added load stability and better alignment when stored
- FM 4996 approved with environmentally safe, non-halogen flame retardants.
- Bar code or RFID tag capable*
- Grommets Available

SPECIFICATIONS	IN/LB	MM/KG
Length (L)	48	1,219.2
Width (W)	40	1,016
Height (H)	5.63	142.88
Overall Fork Pocket Width (W1)	30	762
Individual Fork Pocket Width (W2)	12.5	317.5
Overall Fork Pocket Length (L1)	33	838.20
Individual Fork Pocket Length (L2)	14	355.60
Fork Pocket Height (H1)	3.45	87.63
Weight	47	21.32
Static Load Rating	7,200	3,265.86
Dynamic Load Rating	4,200	1,905.09
2" Edge Rack Load Rating	2,400	1,088.62
53' Trailer Quantity	570	

Alternative Material Options Available Up to 30% recycled content**

* Feasibility testing required to ensure customer compatibility.
** Black parts, colored parts are less. Contact us for details.
