

# 48x40 Rackable General Purpose Bin

## Features & Benefits

- High pressure injection molding allows a lighter, yet stronger part with superior durability compared to other molding methods
- Advanced copolymer polypropylene, with enhanced impact compared to other materials commonly in use, won't absorb moisture, harmful bacteria or pathogens
- Full picture frame and cruciform bottom supports full edge racking and ensures the pallet works smoothly with conveying and automated pallet handling equipment
- Integrally molded into the side wall, the one-piece latch eliminates costly repairs and spare parts
- Lighter weight than comparable bins, which allows for 2 additional bins per outbound shipment before "weighing out"
- Shares common industry dimensions allowing it to stack and nest with comparable plastic bins
- Bins stack securely with greater integrity, with or without the optional lid
- Walls fold down and take up less space during empty shipping and storage than comparable bins, which allows for 12% more bins per back haul
